## MEASUREMENTS

| DESCRIPTION                               | MEASUREMENT |      |
|-------------------------------------------|-------------|------|
| Seat size                                 | 480 × 460   | mm   |
| Seat height/Sitting height                | 400 - 550   | mm   |
| Seat depth/Sitting depth                  | 430 - 500   | mm   |
| Seat, range of angle adjustment           | 5           | deg. |
| Angle between seat and back               | 90          | deg. |
| Backrest size                             | 480 × 655   | mm   |
| Backrest, range of inclination adjustment | 20          | deg. |
| Backrest, height of lumbar support        | 170 - 240   | mm   |
| Armrests, height between seat and pads    | 200 - 290   | mm   |
| Armrests, clear distance between pads     | 395 - 510   | mm   |
| Neckrest, range of height adjustment      | 65          | mm   |

## PARTS & MATERIALS

| DESCRIPTION |                           | MATERIAL |                        |
|-------------|---------------------------|----------|------------------------|
| 1           | Backrest cover            | PES (PE) | Polyester, Plastic     |
| 2           | Backrest foam padding     | PU       | Polyurethane, Plastic  |
| 3           | Backrest shell            | PLYWOOD  | Wood                   |
| 4           | Backrest foam padding     | PU       | Polyurethane, Plastic  |
| 5           | Backrest tail cover       | PP       | Polypropylene, Plastic |
| 6           | Seat cover                | PES (PE) | Polyester, Plastic     |
| 7           | Seat foam padding         | PU       | Polyurethane, Plastic  |
| 8           | Seat shell                | PP       | Polypropylene, Plastic |
| 9           | Seat slider               | PP       | Polypropylene, Plastic |
| 10          | Mechanism slider skids    | PA       | Nylon, Plastic         |
| 11          | Mechanism adjustments     | PP       | Polypropylene, Plastic |
| 12          | Mechanical parts          | AL       | Aluminium, Metal       |
| 13          | Mechanism fixing plates   | STEEL    | Metal                  |
| 14          | Mechanism cover           | PP       | Polypropylene, Plastic |
| 15          | Castors (wheels)          | PP       | Polypropylene, Plastic |
| 16          | Starbase                  | PA       | Nylon, Plastic         |
| 17          | Gaslift cylinders         | STEEL    | Metal                  |
| 18          | J-blade                   | STEEL    | Metal                  |
| 19          | Backrest slider           | STEEL    | Metal                  |
| 20          | J-blade cover             | PP       | Polypropylene, Plastic |
| 21          | Armrests                  | PA       | Nylon, Plastic         |
| 22          | Armrest width adjustments | PP       | Polypropylene, Plastic |
| 23          | Neckrest slide and fixing | PP       | Polypropylene, Plastic |
| 24          | Neckrest cover            | PU       | Polyurethane, Plastic  |
| 25          | Neckrest foam padding     | PU       | Polyurethane, Plastic  |
| 26          | Neckrest shell            | PP       | Polypropylene, Plastic |
| 27          | Neckrest mechanical parts | PP       | Polypropylene, Plastic |

Height adjustment

Seat depth adjustment

Backrest tilt lock and tension adjustment

Seat angle adjustment

Armrest adjustment
